MISSION STATEMENT

SAINT MICHAEL'S ARMY, INC IS COMMITTED TO SERVING THOSE WHO SERVE US. TOGETHER WE WILL ADVOCATE, SUPPORT, AND FINANCIALLY ASSIST AS MANY LAW ENFORCEMENT FAMILIES AS POSSIBLE, IN REGARDS TO ALL ASPECTS OF THEIR DEMANDING SCHEDULES. WE WILL CREATE REALISTIC AVENUES THAT ALLEVIATE THE EVERY DAY STRESSORS FOR THE AVERAGE BLUE LINE FAMILY, WORKING TOWARDS THE BETTERMENT OF BOTH THE MENTAL AND FINANCIAL HEALTH OF OUR POLICE OFFICERS. WE WILL WORK TO SUPPORT OUR OFFICERS TO REMOVE THE GREY AREAS ON BEHALF OF THE THIN BLUE LINE.

WHAT WE DO

SMA provides simplistic, realistic, and fast solutions to the everyday police officer and their families needing financial or mental health assistance.

Police Officers working in today's climate are faced with more complexity and pressure than ever before. Created by police families FOR police families, SMA strives to carry out a new mission unlike any other charity organization yet has. By helping relieve the exterior everyday stressors of their most common issues, Officers can then spend more time focusing on finding the strength to tackle the interior work-related deeper problems they face each day.

WHAT HAS CHANGED AND HOW DO WE HELP?

Due to the constant and new age patterns of divisive social media usage, covid/vaccine issues/mandates, and overall nonstop criticism officers battle nearly each day, we are losing more and more of our good policemen and women across the nation. Officer suicide is at an all-time high, as well as resignations from their positions. Most officers we have spoken with who have made a decision to leave these departments stated that they wish they did not have to. The passion does not go away. These changes, along with the lack of their own left to support the ones still on duty have created a substantial increase in both the risks and pressures of an already exhausting and thankless career. Knowing that we are facing such hard and challenging times, police recruits are also at an all-time low. We are running out of people willing to make the needed sacrifices to protect us and our families. Your support and donation will assist these families DIRECTLY.

Through a stress free, simple process, officers and those who love them can apply for anything they need to feel supported or get help with the issues they often face alone in silence. From there our board selects those we are able to help and provides IMMEDIATE assistance.

Thank you for considering assisting us on this mission.
